

TIMBERLINE

PUR coated heterogeneous sheet / Manufactured in Europe

- Timberline captures the rich, warm look of natural wood graining with the high performance and cost benefits of vinyl sheet.
- High performance wear layer offers durable flooring solutions. With polyurethane finish provides scuff resistance, a longer-lasting appearance and reduced maintenance costs.
- The graining, surface textured and colors reflect the natural visuals inherent in each wood species. 20 colors from dark sheen of oak and wenge through warm cherry, light beech and maple.
- Two seaming methods for greater options in design, performance and installed cost.
- Floor Score certified for low VOC (Volatile Organic Compound) emissions.
- Application: healthcare, assisted living facilities and retail spaces.
